

## Hörmann Educational Tour 2023

Earlier this year 4Ddoors had the privilege of participating in another fantastic Hörmann Educational tour in Germany. It was the perfect opportunity to understand Hörmann's state-of-the-art manufacturing and production capabilities.

This provided both 4Ddoors and our partners the opportunity to watch their doors being manufactured, and delivered, a full circle moment. The engineering, the quality and the scale was inspiring.

Highlights included Hörmann's highly automated industrial door factory that is so large it has it's own post code! A special mention needs to go to Gilley for his TGT Rolling Grille demonstration at Dissen!!!

### THE CREW

4Ddoors and participating national partners.

### THE TOUR

Locations included, Hörmann Brockhagen, Hörmann Dissen and Hörmann Ichterhausen.

### THE PRODUCTS

We were introduced to the new Hörmann SPUF42 Sectional Door with removeable mullion.

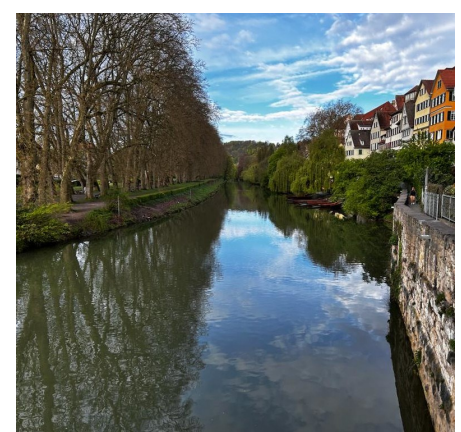

### MORE PRODUCTS

4Ddoors LPU42 Sectional Garage Door with Custom Printing.

### FUN!

A tour of Germany is not complete without hitting the Autobahn!

### SEE YOU SOON!

We can't wait to start planning the Hörmann Educational Tour 2024!!
